DETAILED ACTION

This Office action is in response to applicant's amendment filed on 20 October 2004.

Allowable Subject Matter

1. Claims 1-3, 5-13, 15-17 are allowed.
2. The following is an examiner's statement of reasons for allowance: Claims 1-3, 5-13, 15-17 are allowed because the prior art of record does not teach or suggest, in combination with the other claim limitations, a spin-on process that includes forming a first dielectric layer, completely removing the first dielectric layer based on an examining step, and re-performing the spin-on process to form a second dielectric layer, wherein both dielectric layers are composed of spin-on glass material.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
